

TRAFALGAR RISK MANAGEMENT

## A QUARTER OF A CENTURY OF EXPERTISE

Over the past 25 years, this specialist professional indemnity and medical malpractice broker has developed insurance schemes for a portfolio of professions and covering contractors and members of affinity groups as well as SMEs. Today it arranges insurance coverage for members of more than 160 professions.

Trafalgar has a committed philosophy of only asking clients the questions necessary to provide them with the cover they require. In the case of most professions, clients are asked just four questions in the application process for the right cover to be delivered immediately, at a highly competitive price.

## QUICK, SIMPLE AND RIGHT FOR YOU!

Insurance schemes designed for individuals and companies to protect against claims from clients taking legal action due to allegedly negligent acts or errors and omissions.

## QUICK AND CONCISE COVER

Trafalgar Risk Management has a solid track record of setting insurance industry benchmarks since it was first formed. The broker pioneered the quick quote and application method of providing the right level of insurance cover at the right price, and it was one of the first insurance companies to move to a full end-to-end trading platform. In 2000 it developed and has since been using and enhancing its own software platform.

Before launching any new policy schemes, Trafalgar diligently ensures it understands fully the particular needs of each profession to which it offers cover.
